

Symptoms of Covid include:

- High Temperature.
 - Coughing.
 - Shortness of Breath
 - Loss of taste, smell.
-
- If you or a family member has been in contact with a confirmed case, it is advised to get tested and await test results. Pupils should not attend school if they, or a close contact is awaiting Covid test results.
 - If the test is negative, a pupil is advised to remain at home in self isolation for a period of 48 hours, if there are no symptoms.
 - If there are symptoms, and the test is negative, the pupil is advised to remain at home for 48 hours after the symptoms disappear.
 - If a test is positive for a pupil or a close contact, that pupil must self- isolate for a period of 14 days, and should not return to school if symptoms are present after the 14 days. It is the parent's obligation to inform the school Principal, without delay of this situation to allow safety procedures to be implemented in a fast and effective manner.
 - In the event of a pupil testing positive for Covid 19 and is self-isolating, the school will support the parent with a list of activities that can be done during this period.
 - If your child is feeling unwell and displaying symptoms that are not Covid symptoms, it is advised that you stay at home for a minimum of 2 days and you monitor their symptoms during this time.
